

Director of Nursing

We have an exciting opportunity for a passionate Director of Nursing to join VEI and lead the Panch Day Surgery team in Preston!

At Vision Eye Institute (VEI), we are Australia's leading provider of ophthalmic services, with a mission to transform lives through a strong commitment to the delivery of high-quality outcomes for patients. We take pride in our positive workplace culture; strong focus on teamwork, comprehensive internal training and continuing professional development opportunities.

We are seeking an experienced nurse leader in theatre operations to work in direct partnership with the medical and nursing workforce as well as the organisations executive leadership team as the point of accountability for the site.

Our ideal candidate will have previous experience as a Director Of Nursing or supervisory role within a medical or health environment (highly regarded), you'll be dynamic, enthusiastic, self-motivated and thrive in a fast-paced environment where you'll find diversity, meaning and a professional challenge.

This position is being managed by Talent Acquisition partners at Ccentric Group therefore; for a confidential discussion about the position and/or to receive a detailed information pack regarding this opportunity, please contact either:
