

OUR DOCTORS

Dr Brian Ang

MBCHB FRANZCO FRCOPHTH FRCSED (OPHTH)

Dr Brian Ang is an internationally trained and highly experienced eye surgeon specialising in glaucoma management, cataract surgery, and the treatment of macular degeneration and diabetic eye disease. He has a proven track record of surgical and clinical excellence and is highly skilled in performing complex glaucoma and cataract surgery, as well as minimally invasive glaucoma surgery (MIGS) techniques.

Dr Ang is known for his clear communication style and patient-focused approach to treatment based on the latest scientific evidence. He can also conduct consultations in basic Mandarin and Cantonese.

BACKGROUND

Dr Ang obtained his medical degree from the University of Edinburgh in 2000 and completed his specialist ophthalmology training in England and Scotland in 2009. He then completed additional subspecialty glaucoma training in Aberdeen, Geneva, and Wellington.

Dr Ang currently holds a public appointment at the Royal Victorian Eye and Ear Hospital, and Western Health where he takes an active role in training the next generation of eye specialists.

Apart from his clinical work, Dr Ang is also active in clinical research, having authored over 70 publications in peer-reviewed scientific journals, and one book chapter. He holds honorary positions as a Clinical Senior Lecturer at the University of Melbourne and Clinical Researcher at the Centre for Eye Research Australia (CERA).
