

ASSOCIATE DOCTOR

Dr Jenny Tian

BPharm MBBS MMed(OphthSc) FRANZCO

Dr Jenny Tian is an Australian-trained comprehensive general ophthalmologist with specialist expertise in cataract surgery, pterygium surgery and glaucoma management.

Dr Tian holds an additional certification in minimally invasive glaucoma surgery (MIGS), which she incorporates into glaucoma management where appropriate. She is committed to providing the highest-quality ophthalmic care to her patients with a warm and friendly manner.

BACKGROUND

Dr Tian obtained her medical degree from the University of Queensland and later completed a Master of Ophthalmic Science at the University of Sydney. She completed her ophthalmology training at the Royal Brisbane and Women's Hospital, one of Australia's largest hospitals and a centre for teaching and research excellence. Dr Tian currently holds staff specialist positions at STARS (Surgical Treatment and Rehabilitation Service) and Gold Coast University Hospital, where she combines specialist knowledge with her engaging communication skills.

Over her career, Dr Tian has worked at public hospitals in Brisbane, Gold Coast, Sunshine Coast and Cairns. This variety in training locations has helped Dr Tian develop expertise across a broad range of ophthalmic conditions. She welcomes all adult referrals, regardless of eye pathology.

With a passion for providing the most current evidence-based ophthalmic care, Dr Tian is a prolific ophthalmic researcher who has published multiple papers in leading peer-reviewed ophthalmic journals. To keep up to date with the latest ophthalmic advances and research, she is also a regular attendee of annual scientific meetings.

Dr Tian believes it is crucial to share the teaching and expertise she has received over her career with the next generation of healthcare practitioners. She is actively involved in the training of junior doctors and surgical trainees.
