

GENERAL INFORMATION

NORTH ADELAIDE CLINIC

SPECIALIST EYE CARE FOR PATIENTS

Vision Eye Institute North Adelaide is a well-established clinic located near Adelaide's CBD. Housed within a historic 19th-century building, our refurbished rooms comprise modern spaces with state-of-the-art equipment, enabling the diagnosis and management of various eye conditions.

Our clinic is equipped with cutting-edge technology and experienced doctors, led by Dr Paul Athanasiov, Dr Simone Beheregaray and Dr Soo Khai Ng.

Our highly skilled surgeons have extensive experience providing vision correction services, including LASIK and ASLA/PRK, and refractive lens exchange. They also diagnose and treat a wide range of ophthalmic conditions, such as cataracts, glaucoma, diabetic eye disease, macular degeneration, corneal conditions and dry eye. Reconstructive eye surgery, including lid lesion excisions and blepharoplasty, is also available.

High-quality care

Vision Eye Institute is committed to continuously monitoring and improving the quality of our service. Our practice has established robust quality management systems and processes to minimise patient risk and improve patient satisfaction. This includes our *In Safe Hands* Program, which incorporates all the practical measures we take day-to-day, both individually and as a team, to ensure the safety of our patients and staff – from hand hygiene, protective equipment and cleaning, to handling patient confidentiality. Please let our reception staff know if you wish to provide feedback about our service – we welcome and appreciate your input.

All medical and surgical procedures have potential complications. Check with your ophthalmologist before proceeding.

CONVENIENTLY LOCATED

Vision Eye Institute North Adelaide is conveniently located near Adelaide's CBD.

There is ample parking on Melbourne Street and nearby on New Street. Limited free parking is also available on-site at the clinic.

Patients can easily access the clinic via major bus routes. The closest bus stop is stop 3 on Melbourne Street, across the road from the clinic. Bus stop 2A is also nearby on Melbourne Street.

The clinic is accessible to people with low mobility or those who require mobility aids. There is ramp access to the foyer and a wheelchair-accessible lift to the clinic on level 1.

FULL-SERVICE CLINIC

Vision Eye Institute North Adelaide is fully equipped for ophthalmic consultations, diagnostic testing, minor procedures and all types of eye surgery.

Our clinic provides a large range of services, from general eye checks and vision correction to the diagnosis and treatment of complex conditions. Patients have access to state-of-the-art technology and treatment delivered by highly experienced ophthalmologists. If surgical procedures are required, these are performed at Windsor Gardens Day Surgery.

Members of our team also speak Greek, Portuguese, Mandarin and Shanghainese. If you would prefer to have your consultation in one of these languages, please call the clinic and we will do our best to accommodate your request.

Free laser eye surgery assessments

We offer a free, no-obligation initial assessment with one of our optometrists to check the health of your cornea and whether your prescription requirements are within the treatable range for laser eye surgery. If you are eligible, you may then choose to have a consultation with one of our refractive ophthalmologists to discuss your laser eye surgery options.
